Camden's Crusaders

THURSDAY
May 24th, 5pm-9pm

Camden Bailey, a local 14 year old middle school student at Josiah Bartlett Elementary School, was recently diagnosed with a rare form of bone cancer known as Osteosarcoma. He is the son of Chris and Jen Bailey, and brother to Braeden (16) and Daven (11) of Jackson, NH. Camden is an all around athlete, a leader both on the field and on the court. He is known for his kindness and his charismatic smile. His parents will need to take frequent leaves from work to be with him on this courageous but difficult journey.
